Pre-registration will be required beginning July 1, 2023 online using the website:

<http://mercerfairky.fairentry.com>

Check-in will be assigned by appointment only. All entries must be completed online. No walk-up or day-of entries will be accepted.

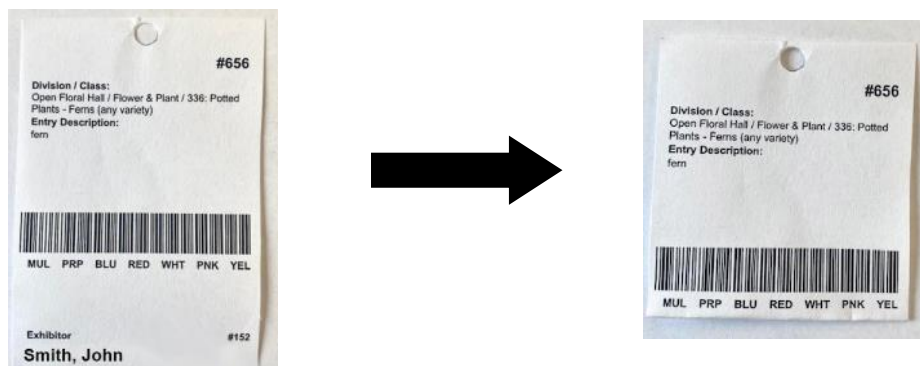

We have two days set in July for those needing help entering your items online: Monday, July 10 and Friday, July 14. **This is by appointment only.** Please call 859-734-4378 to reserve your spot.

DEADLINE TO ENTER is Wednesday, July 19 at noon.

Tag Instructions:

We will print your tags. Tag pick up will be Friday, July 21 at the Mercer County Extension Office.

Please fold the bottom portion of your tag under, so your name is not showing. Example below:

JUDGING & AWARDS

Judging will be completed by competent judges. Competition is open to everyone and all entries will be judged as open class (except classes which specify an age of the exhibitor and may or may not receive an award according to judges.) Decision of the judges is final.

Everyone, except department chairs and the assistants, must leave Floral Hall while entries are being judged and will not be permitted to re-enter until judging has been completed.

AN EXHIBITOR MAY ENTER ONLY ONE ITEM IN A CLASS AND MUST BE MADE BY THE PERSON EXHIBITING, OR IT WILL BE DISQUALIFIED. If more than one item is entered, all but one will be disqualified; the choice will be made by the department chair.

A tag will be firmly attached to each entry with the exhibitor number and name.

NO EXHIBIT WHICH RECEIVED A BLUE RIBBON IN ANY PREVIOUS MERCER COUNTY FAIR IN OPEN CLASS FLORAL HALL WILL BE ELIGIBLE FOR COMPETITION THIS YEAR

Judges and Best of Show Awards: These awards will be presented to the most outstanding entry. In case of a tie, rosettes will be dually displayed.

Premiums offered: Blue ribbons receive \$5, Red ribbons receive \$3, and White ribbons receive \$1.

Sweepstakes scoring: Each Blue ribbon received in a category will count 5 points, Red will count 3 points and White will count 1 point. The exhibitor with the most points in a Department will be the sweepstakes winner for that Department. In the event of a tie, the rosette will be dually displayed.

Grade Categories: Exhibiting in graded categories requires the exhibitor to state grade in school just completed on the tag; failure to do so may result in disqualification.

Removal of Entries: All entries must be removed by the designated time and premiums will be paid at that time.

EXHIBIT PROTECTION

Every effort will be made by the Extension Homemakers and Fair Association to protect all exhibits from casualties. However, the Homemakers nor the Fair Association will be responsible for any loss as a result of breakage, damage by handling, water, dirt, or loss by theft and/or other casualties.

When Floral is open, an official will be on duty. When closed the exhibit area will be locked and secure. Strenuous effort will be made to give the utmost protection to all exhibits.

SPECIAL AWARDS

All entries will count toward a Special Club Award. Any organized club will be eligible for participation (this includes church groups and local civic auxiliaries). The exhibitor must declare, at the time of registration, the club or organization to whose credit the points shall be awarded. The exhibitor must be a member of that club or organization. Each entry will count two points, each Blue ribbon will count 5 points, each Red ribbon will count 3 points, and each White ribbon will count 1 point.

CANNING

Commercially canned products will be disqualified. All jars must be sealed. Jars may be opened for judging. Exhibitors are urged to consult USDA guidelines (nchfp.uga.edu) to make certain jar is filled to within appropriate headspace. A label is required for all entries to identify the name of the product and date processed, specify processing method and time. Collections must be in a box for easier handling.

Controlling headspace: The unfilled space above the food in a jar and below its lid is termed headspace. Directions for canning specify leaving 1/4-inch for jams and jellies, 1/2-inch for fruits and tomatoes to be processed in boiling water, and from 1- to 1-1/4-inches in low acid foods to be processed in a pressure canner. This space is needed for expansion of food as jars are processed, and for forming vacuums in cooled jars. The extent of expansion is determined by the air content in the food and by the processing temperature. Air expands greatly when heated to high temperatures; the higher the temperature, the greater the expansion. Foods expand less than air when heated. (SOURCE: USDA Complete Guide to Home Canning)
